

BUILT TO LAST:

Realizing

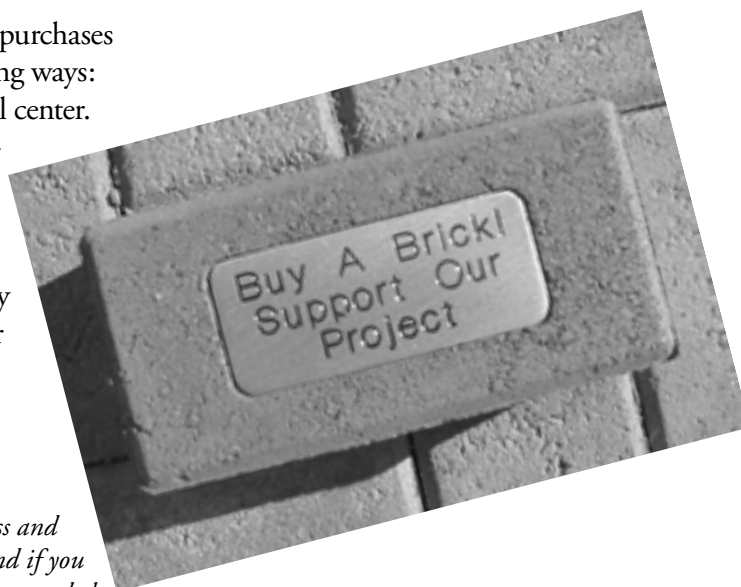

The QUEST

... One Brick at a Time

How does the Visionary Brick Campaign work? If you or someone you know purchases one brick for \$1,000-\$1,999, your generosity will be recognized in the following ways:

- Your brick will be placed in the entryway to the community/recreational center.
- As a Visionary Brick contributor, you and/or your family will be historically remembered as a Visionary Founding Member.

You can make your contribution in several ways: through a single payment of \$1,000 by check or by credit card, or in three, four, or 12 equal installments by checking account debit. Please also refer to our Web site www.sasquest.org for additional information about our project.

We thank you for your continued support.

"We are hopeful for your support of what will become a culturally diverse facility that will provide the positive role models and experiences needed to prepare our newest generation of children for leadership and community involvement."

— **Congressmen Robert T. Matsui and Doug Ose**, sponsors of the Federal funding grant for SASF.

"There are many successful business and professional people here tonight, and if you haven't contributed yet, please join us to help the foundation get the project off the ground. The success of any business is you have to contribute back to the community."

— **Bill Wong**, on behalf of the **Bel Air Wong Family**, \$1million donor to the building fund.

SASF supports and promotes better understanding of others through sports and Asian Pacific Islander cultural programs.

Brick Donors
