

# YOU Can Make A *Difference*

The Sacramento Asian Sports Foundation's *Quest* to build a community/recreational facility began in 1993 with a shared vision. The passion, commitment and energy that this project has generated, will demonstrate that dreams do come true!

The planned facility will serve to encourage the value of family and share the traditions and heritage of the Asian Pacific Islanders. This facility will support the positive development of personal character, leadership, and citizenship. It will be dedicated to the enrichment and development of the greater Sacramento community through sports and cultural programs.

**Our goal is to raise the funds necessary to begin construction for Phase I of the community/recreational facility.**
